## Bethlehem Steel Revealed As "Mystery" Farm Buyer; All Of Properties Are Being Re-Sold

A well-kept secret for more than two years, the identity of the buyer in the "mystery" farm purchases in this county was revealed today.

It was the Bethlehem Steel company and the mineral they sought was iron.

That statement was made today by Attorney Franklin R. Bigham, who acted as the company's representative in the long series of transactions that began a little more than two years ago in the fall of 1949.

**Re-Selling All Farms**  
The lifting of the shroud of secrecy came as the final block of farms was put up for re-sale. None will be retained for the steel firm.

Test drillings made in all of the sections—At Stone Jug, the Round Hill section, in Franklin township near Fox Hill and in the Latimore section—proved the iron ore detected there by aerial surveys was not present in sufficient quantity or quality to make it worth mining.

The final drillings were made this fall in the Latimore section and results there put the last three farm properties among the original 23 on the block for re-sale. They are being disposed of by C. A. Heiges and Son who were the agents in the original purchases.

**Farms Cost \$414,075**  
Bethlehem Steel paid \$414,075 for the 23 properties, containing 1,689 acres. Re-sales to date have brought in only about \$169,000.

In some instances, the original owner re-purchased his farm—at a figure less than he had received—and in some cases the original owners have never moved from their lands. They either have bought back the properties or are continuing to occupy them under agreements reached at the time Mr. Bigham bought the farms.

The identity of the "mystery" buyer was never revealed during the purchases. Deeds transferring the farms from the owners to Mr. Bigham were placed on record at the court house but none was transferred on to the principal for whom he was acting.

Early in the purchasing period, a representative of Bethlehem Steel—not Mr. Bigham—officially denied Bethlehem Steel had any connection with the purchases. Mr. Bigham never confirmed or denied any of the flood of rumors that circulated at the time about the identity of the client for whom he was buying the land.

No explanation has been made publicly of the need for secrecy in connection with the sales.

The farms on which the "for sale" sign has been hung most recently are the former Parker Lerew 165 acres, the 145 acres of the Hornor Brothers and a 12-acre tract bought from Blanche Grist—all in Latimore township.

**Aerial Survey First**  
All of the other farms have been

## COUNTY PASTORS ELECT DR. WOLF

Rev. Dr. Norman Wolf, Fairfield, was elected president of the Adams County Ministerium at an organization meeting of the group Monday morning at the local Methodist church.

Rev. Harry S. Ecker, Gettysburg, was named vice president, Rev. Alton Leister, East Berlin, treasurer, and Rev. Arbe Dorsey, Biglerville, secretary.

The radio committee of the newly organized ministerial group reported that WGCT has allotted time each Tuesday evening at 7:15 o'clock for a broadcast of a transcription produced by the National Council of Christian Churches. Next Tuesday evening's program will deal with National Bible week in America.

The group expressed disapproval of appointment of an ambassador or personal envoy of the President to the Vatican state. Senators Martin and Duff and Representative James F. Lind will be notified.

A lengthy discussion was held on programs and materials to be used during the year.

The next meeting will be held January 7 in the Gettysburg Methodist church. Rev. Nevin Frantz, Arndtsville, will present a paper on the Church and State issue.

## EUGENE SICKLES RESIGNS POST AS HEALTH OFFICER

Borough Health Officer Eugene S. Sickles tendered his resignation at Monday night's meeting of the borough council—in the fire engine house. It was tabled without action.

Earlier this fall his resignation, tendered to the health board, met similar action. In the resignation, Sickles said:

"I hereby submit my resignation as health officer for the borough of Gettysburg, effective not later than January 1, 1952. Having found it impossible to properly carry out all the duties required of me as health officer and caretaker of the fire engine house and police headquarters, as well as keep in readiness the borough's \$75,000 in fire fighting equipment, each of which is a full time job in itself, I sincerely believe it to be in the best interest of the general public that I resign as health officer at this time."

"I wish to take this opportunity to express my thanks to the borough, the borough council, the Gettysburg board of health and the general public in their past cooperation with me in my attempt to properly carry out the duties assigned to me."

**Hutchison Reappointed**  
Council Monday night re-appointed Arthur E. Hutchison a member of the School Authority for a term of five years. His present term expires January 1.

Reporting on his investigation of a proposal to erect "No U Turn" signs, Councilman Fred Hummelbaugh said the borough code now provides no U-turns may be made at traffic light intersections, and that the state was opposed to erecting signs. A complaint that cars were being parked on the east side

## ASKS LEGION TO BACK LOYALTY BILL AT CAPITAL

Members of the Albert J. Lentz post of the American Legion Monday night were asked to join Legionnaires from throughout the state in a demonstration of support of the Pechar loyalty bill at Harrisburg December 11.

In a letter to the post, read at Monday night's meeting, State Department Commander Jack R. Dodson explained the Loyalty bill, which would require an oath of loyalty to be given by teachers and others, and urged the local Legionnaires to be at Harrisburg to join "thousands of members of the Legion and Legion auxiliary at the capitol. Wear uniforms if you have them, or Legion caps, or Legion buttons. This is a showdown on whether the American Legion is to just offer lip service to our mandate."

Dodson said the demonstration is being planned because the state Legislature will vote December 11 on the loyalty oath bill. He claimed, "We need to turn out in force to show our approval of this bill, because those opposed will be there in force."

Plans for the annual Children's party of the local Legion were out-

**CARS SIDESWIPE**  
Automobiles operated by Robert E. Dewey, 43, of York, and C. Z. Allen, 70, of Orrtanna, sideswiped during a heavy fog at 5:15 o'clock Monday evening on the Lincoln highway 1.2 miles west of Gettysburg, according to state police of the Gettysburg substation. No one was injured. Damage to the Dewey car was estimated at \$50 and to the Allen car at \$30, police said.

Rose-Ann Shoppe open every evening until Christmas.

## Local Chest Drive \$1,400 Short Of Goal

Gettysburg's Community chest fund is within \$1,400 of its goal. The special gifts committee under Attorney Richard A. Brown plans to seek special donations to make up the shortage.

A total of 1,905 donors have been recorded for the Chest drive this year. Drive officials said the campaign attracted the largest number of donors since the Community Chest was started here.

So far \$18,958.06 has been contributed to the Chest fund. Of that amount \$14,586 is in cash and the remainder in pledges.

## P. M. ROHRBAUGH AGAIN HEADS SCHOOL BOARD

Paul M. Rohrbaugh, Steinwehr avenue, was re-elected president of the Gettysburg school board at the annual re-organization meeting Monday evening at the high school.

Mrs. Emma D. Poppay, only woman member of the local board, is the new vice president. She succeeds George T. Raffensperger, whose term as a school board member expired Monday.

Dr. R. D. Wickerham was elected board secretary to succeed Mahlon P. Hartzell who resigned the position after serving more than 21 years. Mr. Hartzell is a member of the borough council and meetings of the two bodies frequently occurred on the same evening. He offered his resignation several months ago and Ray J. Kitzmiller has been performing some secretarial duties since. Mr. Hartzell had been a non-member secretary of the local board since 1949 when his term as director expired.

**Swear In New Members**  
The two new school directors, Robert H. Deardorff and Jacob G. Appeler, were given their oaths of office by Mr. Kitzmiller. The retiring directors are Mr. Raffensperger and Charles S. Black.

Dr. Wickerham and President Rohrbaugh were continued as the local board's representatives on the executive committee of the Gettysburg Joint school system.

Committee assignments were made as follows Monday evening: Finance and planning, Kitzmiller; supply, Deardorff; teacher, Mrs. Poppay; property, D. J. Wolff, and transportation, Appeler.

The local directors will meet again next Monday evening when the joint school board meets for re-organization. Dr. Wickerham is now president of the joint board and Mr. Rohrbaugh is secretary. Ralph Guise of the Straban board is vice president of the joint board.

The only other business transacted Monday evening was the approval of Gettysburg's share of the tax collector's bond premium.

## SANTA and the MAGIC MIRROR

by LUCRECE HUDGINS

Chapter One  
SANTA and the MAGIC MIRROR

Once upon a time there was a little girl named Belinda. She had no mother. But she did have a father and her father was Santa Claus.

Of course he wasn't the really truly Santa Claus who lives at the North Pole. No. Poppy (Belinda called her father "Poppy") was a make-believe Santa. You see many make believe Santas around town these days: in the stores, on the street corners, at school parties.

Now, Poppy was Santa Claus at a great department store in a great city. It was a job he had for six weeks every year and it was the only job he had. The rest of the time he stayed home and kept house for the little girl, Belinda.

Naturally, when a man works only six weeks a year his family doesn't have a whole lot of money to live on. But Belinda and Poppy managed fine and Belinda thought she was the luckiest girl in the whole world. I guess she was, too. You'd have to travel pretty far to find something nicer than being the child of a Santa Claus!

Then one year, when Belinda was

## FRUIT GROWING INDUSTRY HERE LOOMS BRIGHT, ASSERTS EXPERT

(Editor's Note: Dean Asquith, associate professor of economic entomology at the Pennsylvania Fruit Research Laboratory, Arndtsville, today takes issue with several statements published in two articles in The Gettysburg Times last week. The data for the two articles were supplied The Times by an official of the Appalachian Apple Service and seven Adams county fruit growers, none of whom were identified by name. Mr. Asquith's communication to The Times follows in full.)

Last week there were two pieces in THE GETTYSBURG TIMES that presented information regarding the condition of the fruit industry in Adams county. Although no one with knowledge of the facts would claim great profits from fruit growing in the past four seasons, the situation is nowhere near so disastrous as the statements that appeared in the above mentioned items indicate. Last week's statements were based on average figures—figures that include expenses and incomes from marginal and uneconomic fruit operations. No attempt was made to show separate balance sheets for successful and unsuccessful fruit farms.

**Fine Orchards Here**  
In Adams county we have many well organized and efficiently managed fruit farms that can still show black figures in their ledgers. The owners of these farms recognize that fruit growing in this area is primarily a wholesale rather than a retail business, and they have geared their operations accordingly. It seems to me that it is unfair to these successful growers to average their expense and income figures with the figures from unsuccessful farms and then present those averages as representative of the whole industry.

Here is a list of uneconomic types of fruit farming that cannot be expected to produce much, if any, net income.

1. Small farms with 20 to 30 acres of fruit trees from which the growers expect too large a portion of their total income. Included in this group are single family farms that are being operated in an attempt to support more than one family.

2. Unbalanced farms with too great a percentage of the acreage in young, nonbearing trees. In these cases, the growers expect to produce much, if any, net income.

3. Small farms with 20 to 30 acres of fruit trees from which the growers expect too large a portion of their total income. Included in this group are single family farms that are being operated in an attempt to support more than one family.

## Notices Are Sent To Motorists By Squire

A charge of driving too fast for conditions was filed by state police against Elmer F. Currens, Gettysburg R. 4. A ten-day notice will be sent by Justice of the Peace John H. Basehore. Currens was driving at a fast rate of speed in the borough on December 3, police charged.

Three trucks were charged today with overloading their trucks. The following will receive ten-day notices from Squire Basehore: Roland Leroy Cook, Sykesville, Md.; James Vincent Cammarato, Washington, D. C., and John Kirk, Jr., Rawlins, Md.

## TOWN EXPENSES TOP RECEIPTS, REPORT SHOWS

The borough ended November with a balance of \$33,561.03 in the treasury, according to the monthly report of Treasurer John H. Basehore, with expenditures again running ahead of receipts for the month. The total income for November was \$3,332.07, of which \$1,768.65 was from parking meters and \$1,563.42 in receipts collected by the borough. Disbursements totaled \$9,073.81.

The report of Burgess William G. Weaver showed the following collections for November: 41 parking meter fines, \$41; five building permits, \$32; two digging permits, \$474.50; two theater assessments, \$631.12, and one roller permit, \$20.

The report of the borough on activities of the police department showed 15 investigations; four automobile accidents; seven minor complaints; 13 escorts furnished; two parades policed; three "assistants" given in cases of death and illness; a guard furnished for the Lincoln Gettysburg Address manuscript while it was on exhibition here; two juvenile cases handled and three cases handled jointly with the state police.

**Recover Three Bikes**  
Three bicycles reported lost or stolen during the month were recovered.

## COUNCIL VOTES TO RE-SURFACE CARLISLE ST.

Plans for the re-grading and re-surfacing of Carlisle street, from Broadway to the borough line, were approved by borough council at the December meeting Monday night in the fire engine house and a resolution was adopted requesting the state Highway Department to make the improvements according to the approved borough plan.

The matter was discussed at a special meeting and borough officials were directed to obtain releases from abutting property owners. Borough Engineer LeRoy H. Winebrenner reported Monday night that these had been obtained from four property owners on the west side of the street. Another refused to sign unless guaranteed that the borough would replace the sidewalk in front of his property. Winebrenner said. Another was in Florida and still another did not sign, taking the matter under advisement.

**Have Right To Appeal**  
Winebrenner said all the property owners on the east side had agreed to the improvement. He said that it would not be necessary to take private land and he did not believe the borough would be liable for damages. Property owners, however, will be required to lay new sidewalks and curbs, and it may be necessary in some cases for them to build retaining walls, he added.

"The sidewalks on the west side are not at grade now," the engineer said. "All of them would have to be re-laid to conform to the present grade, even if the street is left as it now is." Borough Solicitor Eugene V. Bulleit said property owners would be entitled to appeal before a board of review and a jury trial to fix damages, if necessary.

The plan adopted by the borough and one which J. William Kende-hart, county highway superintendent, said the state would follow, calls for a 40-foot roadway, two feet narrower than Carlisle street south of Broadway. The distance from the center line to the west curb will be 19 feet and from the center line to the east curb, 21 feet.

**Budget Is Increased**  
Council voted to increase the 1951 budget by \$14,000, as discussed at the November meeting. The original budget figure was \$98,000. The increase was made necessary, according to Councilman George D. March,

## Four Hunters Get 3 Deer By 1 P.M.

Four young men from this area who made a hunting trip Monday to Potter county are convinced that the woods there are full of deer.

The four left early Monday morning by car, parked along a road in Potter county, went into the woods and shot three deer before 1 p.m. The group included Paul Stull, 29, of Biglerville, who shot a five-point 145-pound buck; John Landis, 23, of Chambersburg, who also got his deer, and Richard and Clarence Witmer, 16 and 18, of Greencastle, who shot a deer between them.

Stull, a native of Scotland, is employed by Coffman Shank.

William A. Codori, Hanover street, shot a buck with eight points and weighing 175 pounds Monday afternoon while hunting alone south of here along the Taneytown road.

Earl Butt, Abbottstown, shot a four-point buck near Waterville Monday at 9 a.m.

Mrs. John McKinney, Biglerville R. D., shot an eight-point buck weighing 150 pounds as it walked towards her near her home one-half mile from Wenksville. Two years ago Mrs. McKinney shot her first deer.

S. Charles Smith, 28 Chambersburg street, shot a four-point buck in Bear valley, near Chambersburg, on Monday.

Robert Hartley, 117 Steinwehr avenue, shot an eight-point buck while hunting Monday in Fulton county.

## Reds Want To Limit Supervision Of Truce, Restrict Inspection To Ports, Ban Troop Rotation; Yanks, British Stage Big Raid

Seoul, Korea, Dec. 4 (AP)—British and American marines ripped through Red defenses 130 miles behind the front in the most powerful hit-and-run commando raid of the Korean war, the Allies announced today.

The Anglo-American force—its numerical strength unspecified—stormed ashore on the east coast Sunday night under cover of heavy naval gunfire. The troops shot up Communist communications and transport midway between the Soviet frontier and the front.

The announcement was withheld until, presumably, the raiders had withdrawn. U. N. naval headquarters listed two British commandos as wounded. No U. S. marine casualties were reported.

**Followed Red Action**  
The surprise assault on the beaches near Tanchon, 170 miles north of the 38th parallel, broke through heavy Red machine-gun fire and carried the raiders astride Communist coastal transport lines.

The surprise Allied raid came two days after the Reds captured the island of Taehwa, far up on Red Korea's west coast between the mouths of the Yalu and Chongchon rivers.

The Allies had not reported occupation of the island. But the U. S. Eighth Army Tuesday said 1,000 Chinese stormed ashore from canoes, sampans and motorboats.

British and Canadian warships evacuated 300 to 400 Allied guerrillas on the island. The U. N. command did not mention two other smaller islands near Taehwa which the Reds said they recaptured.

The Red amphibious action apparently led to Friday's big air battle and explained the mysterious appearance of a flight of Russian type bombers. Eight twin-engine TU-2 bombers were shot down by U. S. Sabre jets before they could reach the islands.

Four Red planes, apparently jets, swept over Seoul in daylight Monday in their deepest penetration. No bombs were dropped. But three Red planes, perhaps from the same flight, did bomb the frozen western front. U. S. Third Division troops were driven to cover.

The Allied command did not mention damage or casualties.

Bitter cold became the worst enemy of infantrymen on both sides of the 145-mile front lines. Temperatures dropped to zero in the eastern mountains. There was so little fighting the U. S. Eighth Army communicators reported actions by squads. It told of attacks by three Red squads Tuesday at three points.

The Red proposal would prevent either side from bringing military forces, weapons or ammunition into Korea during an armistice. This was their answer to the Allied proviso against military buildups.

## MRS. WALTMAN DIES ON MONDAY

She was a daughter of the late John and Sophia (Hermann) Miller. Mrs. Waltman was a member of Christ Reformed church, near Littlestown, and was employed at the Jacobs Brothers sewing factory, Littlestown. Her husband died July 6, 1926.

## Three Hunters Die Of Gunshot Wounds

All three were found shot to death in the woods and coroners reported they apparently were victims of hunting mishaps.

Edminster's body was found in Richland township Crawford county. Streep was fatally injured near the Monroe-Pike county line. Coroner Vernon Geisel said young Shaffer's rifle accidentally discharged as he climbed over a fence near his home.

Snyder, went through stop signs and "failed to use due caution at several street intersections and pedestrian crossings."

## Allow Prospective Draftees To Enlist

The local Selective Service board was notified by state headquarters today that prospective inductees may still join the armed forces for active duty after having been given their pre-induction physical examination under Selective Service.

The state board said it is extending the privilege to December 31, allowing potential draftees to sign up for active duty with the army, navy, air force or marines until the date their notice is sent for them to report for induction. Enlistment in the reserves will not prevent a call by the draft, however, after the potential draftee has undergone his physical examination.

## BULLETIN

Budapest, Hungary, Dec. 4 (AP) —The United States demanded today the release of four American airmen forced down in their plane by Soviet fighters in western Hungary on November 19.

Paris, Dec. 4 (AP) — Over violent Russian objections, the United Nations special political committee today voted to ask representatives of east and west Germany to take part in its debates on all-German elections.

Russia's Jacob Malik had told the committee earlier that the question of German elections was none of the United Nations' business and the Soviet Union could not favor extending an invitation to the Germans to take part in the discussions.

Washington, Dec. 4 (AP) — Peyton Ford, former deputy attorney general, testified today he "presumed" T. Lamar Caudle was "leaking" grand jury information on an Alabama tax fraud case to a congressman in 1950. That was the reason, Ford said, why he arranged for the information to "by-pass" Caudle's office even though Caudle was assistant attorney general in charge of tax fraud cases.

Cairo, Egypt, Dec. 4 (AP) — New fighting erupted in the Suez Canal area today, Egyptian reports said. One Cairo newspaper put the dead in yesterday's fighting between the British and Egyptians — the worst yet in the two-month-old conflict — at 50.

Lexington, Va., Dec. 4 (AP) — A sweeping investigation was underway today into a noisy and destructive uprising by students at Virginia Military Institute.

Before the Sunday night-Monday morning affair was over, the historic "West Point of the south" saw windows and lights shattered, furniture burned, property destroyed and some rooms flooded with water.

Derby, Col., Dec. 4 (AP) — Three men were reported killed this morning in the crash of a United Air Lines DC-3 training plane three miles northeast of the Rocky Mountain arsenal.

A UAL spokesman said a pilot-captain and two trainees were aboard the ship when it took off from Stapleton municipal airfield.

## Volcano Blows Off; 141 Perish

Manila, Dec. 4 (AP) — Hibok Hibok volcano in the central Philippines erupted today, killing at least 141 villagers.

Rescue workers, clawing frantically in smoking ashes which covered half a dozen settlements, expressed fear the casualty toll would reach several hundred.

The Red Cross reported the toll and said the figure was growing hourly.

Scores of Filipinos burned by red hot ash or streams of lava were treated at makeshift hospitals set up on Camiguin island.

The volcano blew its top like an atomic explosion. It spread a layer of thick ash over half a dozen sitios, crossroads clusters of farm houses. It's still smoking.

The Philippines weather bureau seismologist said about four square miles on Camiguin island was covered by red hot ashes.

The seismologist reported the ashes and noxious fumes limited rescuers to working on the outer fringes of the volcano's destruction.

## COUNCIL VOTES

(Continued from Page 1)  
chairman of the finance committee, by expenditures during the past year which were not anticipated, including the building of the Springs avenue bridge and increases in salaries.

The resolution calls for transferring \$1,000 to the general fund; \$250 for tax collection; \$3,500 for protection of property; \$500 for health and sanitation; \$5,750 for highways; \$500 for miscellaneous; \$1,000 for sewers and \$1,500 for lights.

An ordinance was adopted fixing the salaries of members of the Gettysburg Municipal Authority at \$200 a year. The five members of the authority previously received no remuneration. The ordinance becomes effective at once. It was proposed at the November meeting and tabled. The salaries of members of the authority, who administer the affairs of both the water department and the sewer system, will come out of water and sewer revenues, Attorney Bullett said, but will not affect the rates. The funds were guaranteed by the Northeastern Water company in the sale conditions, he said.

Order Collision Insurance  
Council took no action on the request of Joseph D. Kandlehart, 454 West Middle street, that the borough pay part of the cost of a new sidewalk along his property on Howard street. He was advised to have his attorney confer with Attorney Bullett, after Mr. Bullett ruled that the borough could not legally assume any part of the cost without setting a precedent. The sidewalk was built before a new grade was established when Howard street was improved. Part of the sidewalk is now 13 inches below grade.

Council voted to insure the fire trucks against collision damage, with \$250 deductible clauses to be added by John H. Basehore, insurance broker, to the existing fire insurance policies.

The cost will be \$252 annually. Should a fire truck be involved in an accident, the borough would assume the first \$250 of the damage and the insurance company any damage above this amount. The trucks previously carried no collision insurance.

## Gil Turner Stays On Unbeaten List

Philadelphia, Dec. 4 (AP)—Punchers, boxers, right hands and now a left hander—they've all tried and failed against young Gil Turner, Philadelphia's welterweight sensation.

The 21-year-old negro is still unbeaten today as a result of last night's victory over Mario Trigo, Mexican switch hitter from Los Angeles. While the cards of the judges, referee and Associated Press all showed Turner winning an easy 26th victory, Gil was a little disappointed.

Turner wanted to add Trigo to the 22 other opponents he has stopped since turning pro some 18 months ago. After all, Trigo is the same fighter who less than two months ago fought a draw with New York's Billy Graham, leading contender for Kid Gavilan's welterweight title. And Graham is the lad who not so long ago lost a questionable verdict to Gavilan. Turner felt a kayo would look very impressive. But Gil couldn't knock out the tough little Mexican.

## Sports Roundup

By HUGH FULLERTON, JR.

New York, Dec. 4 (AP)—Ned Irish argues that the trouble with basketball attendance is that the season starts too early and lasts too long—for New York and Boston, at least. . . . The other NBA cities, he says, have different ideas. . . . And for college games at the Garden, Ned figures they're just dropping back to pre-war levels, when 12,000 was considered a pretty good crowd.

The Army-Navy game apparently proved that the NCAA television committee might as well go out of business. There's no competition. . . . Any time we hear an announcer describing the Notre Dame box formation as a "wing-T" we'll go to the stadium to see what's going on. . . . Falling in line with U. S. Golf association regulations, the Junior Chamber of Commerce has reduced the age limit for its Junior Golf tournament to 18 years. . . . Southern California will play in the Dixie basketball classic at Raleigh, N. C., Dec. 27-29. They must have put rubber in the Mason-Dixon line to stretch it that far.

## WINNING COACH

At the Lehigh U. football banquet, Athletic Director Percy L. Saddler presented each player and member of the varsity coaching staff a gold tie clasp inscribed with the score of the Lehigh victory over Lafayette, 32-0. . . . After he finished handing out the trophies, Saddler remarked that he hoped the recipients appreciated the tokens because their purchase had cut deeply into the athletic budget. . . . At this point Line Coach Mike Cooley drawled: "I'll take two. I have a friend." . . . He couldn't say that if the score had been reversed.

## Bethlehem

(Continued from Page 1)  
re-sold, Mr. Bigham said with the exception of these: the Dr. Edgar Miller farm in Reading (100 acres) and a small Walsh tract of woodland in the nearby Round Hill section; and the John Wolf farm at Stone Jug. Mr. Wolf continues to live on the farm. All of the Franklin township lands have been disposed of.

Bethlehem Steel's interest in the properties in Adams county developed after it used airplanes with magnetic ore detectors to survey a large section of eastern and central Pennsylvania where geological surveys showed large beds of triassic rock lay in a huge lazy S curve.

Although the subsequent drillings led to abandonment of the project here, the same aerial survey is expected to pay off in other sections—notably at Morgantown in Lancaster county where Bethlehem Steel has started a \$35,000,000 project to mine a "bubble" of iron ore revealed by test drillings into a hillside.

## Sink Huge Shaft

Today a huge shaft is being sunk there into an expected pay lode of iron ore 2,500 to 3,000 feet below the surface. And property owners in many other sections of the triassic belt are wondering if iron ore may yet be found beneath their lands. The tests made here have ruled Adams county out of the list of likely areas.

The magnetite ore in which the iron occurs also carries a smattering of other metals including gold and silver and in some places a good bit of copper that can be removed by proper smelting. Historically, both iron and copper have been mined in Adams county.

**Drillings Brought Decision**  
The aerial surveys were conducted over sections of Adams, York, Lancaster, Lebanon, Berks, Montgomery and Bucks counties. The delicate instruments indicated the presence of magnetite but it took test drillings to determine the amount of its quality.

Bethlehem's president, A. B. Homer, says his company "always believed there must be additional ore (iron has been mined previously in Cornwall, Lancaster county) in this territory and has been continually prospecting."

Metalurgists figure that the Morgantown ores will assay, after processing, 60 percent iron or better.

## 5 PRINCETON GRIDDERS ON ALL-EAST TEAM

New York, Dec. 4 (AP)—Additional honors were heaped on Princeton's all-winning football team today when five of its players, including halfback Dick Kazmaier, were named on the Associated Press' all-east two platoon squad.

The 171-pound Kazmaier, All-America in 1950 and the nation's leading offensive performer this year, was the unanimous choice of eastern coaches whose ballots helped arrive at the final decision.

Also named was Nick Liotta, 225-pound Villanova guard, who was found dead from hanging in his dormitory last week. Liotta was a 60-minute player.

The big Villanova lineman was a near unanimous selection as were Karl Kluehohn, Colgate's record-setting end; Frank McPhee, Princeton's big defensive flanker; Harry Agganis, Boston university quarterback; and Robert Spears, Yale's 205-pound all-purpose fullback.

## Other Princetonians

In addition to Kazmaier and McPhee, Princeton men picked on the squad were Victor Bihl, of Harrisburg, Pa., guard, David Hickok, line-backing center, and Dick Pivrotto, halfback and occasional safety man.

No other team received more than two places. Thirteen teams in all were honored on the 22-man squad, consisting of both offensive and defensive units.

Kazmaier closed out a spectacular career that stamped him as one of the great football players of modern times. He led the nation in total offense with 1,827 yards, 966 from passing, and he set a new eastern efficiency record in passing, completing 77 of 123 for 62.6 per cent.

Teamed with him in the offensive backfield were Agganis, Chuck Malloy of Holy Cross and Burt Talmage of Bucknell.

## EGGS NOSEDIVE

Chicago, Dec. 4 (AP)—Wholesale egg prices dropped sharply Monday on the Chicago Mercantile exchange. U.S. extras, the top grade, sold at 51 cents a dozen. This was down 7 cents from Friday, down 14 cents from a week ago, and off 20 cents from the high of 71 cents posted Nov. 15. Current prices are 10 to 15 cents lower than a year ago. Traders said the sharp slump could be attributed to the favorable producing weather and the heavy receipts in the Chicago market.

Wednesday, Thursday and Friday; a little cooler Saturday and Sunday; fair Wednesday, slight showers Thursday night or Friday; fair over week-end.

## VOLS WIND UP AS PREVIOUSLY CHOSEN—NO. 1

By JOHN CHANDLER

New York, Dec. 4 (AP)—The University of Tennessee, picked in a pre-season Associated Press poll as the most likely college football team to succeed, did just that and wound up today as the nation's No. 1 club for 1951. It was the first time Tennessee won the top rating since the poll was inaugurated in 1936.

In the tenth and final poll of the year, Coach Bob Neyland's Volunteers received 139 first place votes out of 307 cast by the nation's sports writers and sports-casters.

Tennessee, which meets Maryland in the Sugar Bowl game January 1 at New Orleans, racked up a total of 2,706 points to beat out Michigan State, which was ranked No. 2 with 1,948 first-place votes and 2,609 points. Michigan State had been tabbed as the No. 2 team in the pre-season poll.

Unbeaten Maryland, which will be Tennessee's Sugar Bowl foe, received only 18 first-place votes, but picked up sufficient seconds and thirds to gain the No. 3 ranking with 2,299 points.

Tennessee, which rolled over 10 foes without a loss, never had been higher than No. 2 in the past. The Vols were voted the No. 2 club behind Texas Christian in 1938, and behind Texas A. and M. in 1939. They were No. 4 in 1940 and again last year when Oklahoma was No. 1.

The same teams which were in the top 10 weeks ago, when most schools ended their schedules, were there this week with a couple of minor changes. Georgia Tech, sixth last week, moved into fifth, dropping Princeton down a peg. Wisconsin skidded from No. 7 to No. 8, and Stanford moved up a notch to No. 7.

## Hold Position

Illinois, which meets Stanford in the Rose Bowl at Pasadena New Year's Day, held on to the No. 4 place. Baylor, Georgia Tech's foe in the Orange Bowl at Miami January 1, remained No. 9, and Oklahoma retained the No. 10 place, in a close finish with Texas Christian, Southwest conference champs, TCU.

No. 11, meets Kentucky, No. 15, in the January 1 Cotton Bowl at Dallas. The No. 1 ranking for Tennessee gives the Vols the Rev. J. Hugh O'Donnell Memorial trophy, emblematic of the national football championship. Father O'Donnell, after whom the trophy was named, was president of Notre Dame from 1940 to 1948. The trophy will become the permanent possession of the school winning it three times. Michigan, Notre Dame and Oklahoma and now Tennessee have a leg on the trophy.

## Admits Hodges Offer

E. J. (Buzzy) Bavasi, effervescent vice president of the Dodgers, frankly admitted that the Phils had made him an offer for Hodges. He neither denied nor confirmed that the players mentioned above were those discussed. He did say he told the Phils this, however:

"We're willing to let you have Hodges even up for Robin Roberts." The Phils were not anxious to part with their ace pitcher even for such a prize plum as Hodges. In the meantime, Bavasi sounded off on what he called "crude tactics" on the part of the Reds in their efforts to wrest one of the Dodgers' regular outfielders.

"The Reds were willing to let us have Ewell Blackwell," the youthful Dodger executive said, "but they insisted on either Duke Snider or Carl Furillo in return. I told them that definitely was out."

## BIG THREE-WAY BASEBALL DEAL NOW IN MAKING

By JOE REICHLER

Columbus, O., Dec. 4 (AP)—A three-team player trade of giant proportions involving Brooklyn, Cincinnati and the Philadelphia Phillies is brewing at the minor league convention today and may be consummated during the big league meeting in New York over the week-end. The huge transaction represents more than \$750,000 worth of playing talent.

If the deal can be worked out—and only one player stands in the way—here is what will happen. The Phils will get slugger First Baseman Gil Hodges, who is the No. 1 man in their want list, and rookie Shortstop Bobby Morgan of Brooklyn. They will give up Outfielders Del Ennis, Dick Sisler, First Baseman Eddie Waitkus and the choice of Pitcher Bubba Church or Russ Meyer. The Dodgers will send Ennis and Pitcher Ralph Branca to the Reds for Pitcher Herman Wehrmeister and Outfielder Johnny Wyrostek.

Here is what is holding up the deal. The Phils have offered Catcher Andy Seminick instead of Ennis. The Dodgers insist on Ennis because he is the man the Reds want for one of their star hurlers.

## Admits Hodges Offer

E. J. (Buzzy) Bavasi, effervescent vice president of the Dodgers, frankly admitted that the Phils had made him an offer for Hodges. He neither denied nor confirmed that the players mentioned above were those discussed. He did say he told the Phils this, however:

"We're willing to let you have Hodges even up for Robin Roberts." The Phils were not anxious to part with their ace pitcher even for such a prize plum as Hodges.

In the meantime, Bavasi sounded off on what he called "crude tactics" on the part of the Reds in their efforts to wrest one of the Dodgers' regular outfielders.

"The Reds were willing to let us have Ewell Blackwell," the youthful Dodger executive said, "but they insisted on either Duke Snider or Carl Furillo in return. I told them that definitely was out."

"I'm sick and tired of listening to

those fellows (the Reds) demanding my guys or no deal," he said angrily. Despite his soundoff, Bavasi still is searching frantically for a starting pitcher. He is easily the busiest executive at the convention. Thus far he has had private meetings with every National league club except Pittsburgh and the New York Giants.

## 66 Players Chosen

While the big leaguers were trying to cook up some deals, the minors methodically went about their business drafting players of lower classification. In all, 66 players were selected by the nine triple A, double A and single A leagues at a cost of \$224,000. Last year 77 players were drafted. The Class B and C leagues were to wind up the draft this morning.

Players drafted included:

Eastern league—Albany—Drafted Outfielder Fred Durham. He hit .276 for Richmond, Ind.

Williamsport—Drafted Outfielder Dick Welker from Norfolk. He batted .274 for Muskegon, Mich.

Binghamton—Drafted Bernie Cregar, shortstop, from Lynchburg, Va. He batted .241 for Columbus, Ohio.

Elmira—Drafted Outfielder Milton Walker from Miami Beach, who batted .335 for Elkin, N. C.

Wilkes-Barre—Drafted southpaw Pitcher Al Fedak from Waco who won seven and lost nine with Charleston, W. Va.

The actual opening of the Golden Jubilee convention follows the close of the draft sessions. Amendments up for discussion included the elimination of the 24-hour recall, the high school rule, the wiping out of restrictions on radio and television, and the rebirth of the old bonus law.

FIFTY YEARS AGO

**Clem Studebaker Dead:** Hon. Clem Studebaker, the famous Indiana wagon manufacturer, passed away at his home in East Bend, last Wednesday. Mr. Studebaker was born in this county March 12, 1831. When he was four years old, his family moved by wagon to Wayne County, O. In 1850, Mr. Studebaker moved to South Bend, and it is said when he reached there his cash capital amounted to \$2. Through energy and push he succeeded in 1868, in incorporating the great Studebaker Wagon Co., which he and his brothers controlled, and which brought them a vast fortune. He was prominent in National affairs, having held numerous positions under the government.

**Wedding Bells:** A beautiful wedding was solemnized at the home of G. Wilson Wierman at Shippensburg, Pa., on Tuesday, December 3rd, the contracting parties being Miss Lula E. Wierman and C. Arthur Griest, of Guernsey, Pa. Miss Melva B. Wierman was maid of honor, with Maurice E. Griest, the best man. Wm. C. Tyson acted as usher and Miss Mable Diehl presided at the organ. Exactly at high noon the couple was married by Rev. Henry, who used a very pretty and impressive ceremony.

Mr. Griest is one of our most energetic and successful young farmers, and we bespeak for him great success. His bride has taught quite successfully several terms in this county.

They will in the spring locate on the "Guernsey Farm," owned by Cyrus S. Griest, but operated for the last two years by the groom.

**Marriages:** Gutelius-Rider—Nov. 27th at Littlestown, by Rev. G. Kohl, Theodore Gutelius to Miss Rose G. Rider, both of Littlestown.

**Markle-Spahr:**—Nov. 28th, at Abbotstown, by Rev. R. H. Clair, Luther Markle, of Reading township, to Miss Katie J. Spahr.

**Schwartz-Patterson:**—Nov. 28th, at Littlestown, by Rev. L. A. Mann, George J. Schwartz, of Mountjoy township, to Miss Emma J. Patterson, of Mountpleasant township.

**Stallsmith-Smith:**—Nov. 28th, at Idaville, by Rev. Oscar H. Gruver, John D. Stallsmith to Miss Elsie L. Smith, both of Tyrone township.

**Stansbury-Conner:**—Nov. 27, 1901, at the Lutheran parsonage, in Emmitsburg, by Rev. Charles Reinwald, Benjamin F. Stansbury, of Baltimore, Md., to Miss Sarah J. Conner, of Liberty township.

**Weisensale-Zuch:**—Dec. 1, at Littlestown, by Rev. F. S. Landman, William A. Weisensale to Miss Clara E. Zuch, both of Union township.

**Mail Carriers on Duty:** The free mail delivery system in Gettysburg is now in operation. During the past week the carriers have been familiarizing themselves with their routes and on Sunday afternoon they made the first collection from the boxes. Monday morning the first delivery was made.

Most of our people seem to be perfectly satisfied with this late progressive step made by the postal department in Gettysburg and we hope that it may prove satisfactory and beneficial to all.

**Local Miscellany:** Potatoes are advancing in price and it is said by dealers that they will soon reach the dollar mark.

The College foot ball team accompanied by about forty students went to Lancaster on Thanksgiving and played a game with the Franklin and Marshall team. The game was a hotly contested one, but unfortunately for our boys victory perched on the F. and M. banner by the score of 24 to 5.

The two classes of St. James Sunday School, taught by Messrs. Rhoads and Spangler, will give a chicken and waffle supper, for the benefit of the organ fund, at the home of Mrs. John Tawney, on Baltimore street, on Tuesday evening, December 10th.

D. Z. Stover, who has been conducting a green house in this place for a number of years, moved with his family to Baltimore on Tuesday.

## Today's Talk

By GEORGE MATTHEW ADAMS

### THE "SELF-MADE" MAN

All my life I have read and heard of the so-called "self-made" man. I have never met one. No one has ever introduced me to one. There is no such man! There are men in all walks of life who have risen greatly through their own efforts, their will and their determination, their ideas and set purpose, but they owe more to their contributors than anything else.

Other people, scores of them, through their books and examples, are who help to make each one of us all that we are. We are not self-made but other-made. A great father or mother, friends, historic characters, all are contributors. That invisible teacher, embodying all nature, is forever helping to make us what we are, giving us first lessons, pointing out laws to us, and reminding us of the eternity of things.

Without the friendliness of nature and its ever enlarging suggestions, how could we ever have had a Thoreau, or a Fabre, or a Muir? We are other-made, nature-made, and God-made, as well. We are immortal selves, spliced by love, the knowledge of the ages, and an inbred hope and faith.

How often we hear the expression: "I made him what he is!" No such thing occurs. Each one of us is a gatherer of fagots that burn a flame within us, from which we evolve into an entity of worth and character. Oh, what debtors we are! How much we owe to all with whom we ever come in contact. To all life, to all creation, to the stars, the waters of the earth, and to every floating influence in the world, do we owe a world of gratitude and thanks.

The self-made man? Who made or fashioned his tools? He borrowed them all—and how often has he failed to return them to their owners! And to whom do we owe our abundant blessings from day to day? Who can say that God didn't have a hand in them all? Self-made? We are merely self-adaptors, doing a job in the workshop of the world!

Tomorrow Mr. Adams will talk on the subject: "Make Big Plans!"

If you've been saving pennies in a china pig, or one of tin, Or candy box or paper sack, The government would like them back.

Though little now the penny buys, To hoard one isn't business wise, The coin is meant to circulate And not a china pig inflate.

Second division was led by the Boys' Drum Corps and was the industrial part, made up of business people. ### See More Consumer Goods In 2 Years

Washington, Dec. 4 (AP)—The nation's defense program, said to be expanding at the rate of \$1,000,000,000 a month, probably will result soon in shortages of such durable consumer goods as automobiles and refrigerators.

This picture came on Sunday from Mobilization Director Charles E. Wilson and his assistant, Charles B. Stauffacher.

"In some goods the pinch is already beginning to be felt," Stauffacher said in a radio interview. "The present quarter and the first two quarters of 1952 will find us straining our economy to the utmost. The crucial period ahead will call for some sacrifices and forbearance from all of us."

He predicted military production will reach a peak within two years and that thereafter "civilian produc-

**Warsaw, Poland, Dec. 4 (AP)—**Poland has demanded immediate repeal of the U.S. mutual security act, charging that it aims at fostering "spying, sabotage and diversions against the Polish state."

The Polish charge was contained in a note handed by Polish Foreign Minister Stanislaw Skrzyszewski to the U.S. embassy here.

Driven by the winds, turned by the spinning earth, the water of the North Atlantic slowly revolves, always clockwise, as viewed from above.

## EX-CONVICT IS SHOT TO DEATH

Chicago, Dec. 4 (AP) — The noisy bark of gangland guns Saturday night silenced forever the easy talk of a former Capone henchman whose income tax disclosures touched off a scorching scandal involving a one-time police captain.

Suave Sam Rinella, 49-year-old ex-convict under indictment for income tax evasion, was shot to death in front of his home by two gunmen who caught him in the glare of a flashlight—as though they were making sure of their target. Then, coolly, methodically, they bent briefly over the body, calmly entered a car believed driven by a third man and sped away.

The slaying came just 11 days after Rinella reportedly told Treasury Department investigators about the financing of his ill-fated Loop nightclub, the Copacabana—financing that included an investment of at least \$100,000 by a \$5,200-a-year police captain. Rinella was indicted November 20 on charges of evading \$156,986 in income taxes for the years 1945 and 1946.

The former police captain, Thomas J. Duffy, 66, spent an hour and 15 minutes with authorities yesterday during which he denied any knowledge of the slaying.

## Robber Leisurely Escapes In A Bus

San Francisco, Dec. 4 (AP) — Ever hear of a hold-up man escaping leisurely in a bus?

Neither had the San Francisco cops until Sunday night.

This odd character walked into a delicatessen, pulled out a pearl-handled pistol and announced to the proprietor, Eva Cerelli:

"This is a stick-up."

Then he demanded, and got, a loaf of bread, two cans of beer and a pound of coffee.

Almost as an afterthought, he asked:

"Have you any money?"

Mrs. Cerelli said "no" and the man took off.

Last she saw of him he was boarding a bus at the corner. Police haven't captured him.

## New U. S. Airfields In Africa Are Used

Casablanca, Morocco, Dec. 4 (AP) — The first of five giant, new U. S. air bases being built on the African continent went into operation this week-end with the arrival of six B-36 bombers on a 5,000-mile non-stop flight from Texas.

The bombers, part of the Strategic Air Command, flew from Carswell Air Base at Fort Worth to Sidi Slimane, a bomber base built in the desert of French Morocco about 50 miles northeast of here.

They are to engage in a training mission, and are to be followed by other flights of Strategic Air Command bombers on a rotation basis.

Maj. Gen. Archie Old, Jr., commander of the Fifth Air Division stationed in Morocco, welcomed the B-36 flight, which was commanded by Col. Thomas Gerrity.

The bombers assigned here on temporary training missions are to remain about 90 days.

Stroudsburg, Pa., Dec. 4 (AP) — A Morrisville, Pa., man was killed and two of his companions injured in the collision of their car enroute to a hunting lodge at nearby Anasimink for the opening of the deer season Monday. Robert Pursell, 28, died while being brought to Stroudsburg hospital by passing motorists on Sunday. He was a Bell Telephone company foreman.

## SANTA and the MAGIC MIRROR by LUCRECE HUDGINS

AP Newsfeatures

(Continued from Page 1)

eight years old, something happened. One morning, a little while before Christmas, Poppy and Belinda started out for the great store where Poppy worked. They had plenty of time and it was a bright cheerful morning so they walked instead of taking a bus as they usually did.

It was a lovely walk. There were Christmas wreaths on all the doors they passed. There were candles in the windows or tiny Christmas trees or bright colored balls. The streets were decorated with fir and holly. The people they passed had happy faces.

"Oh, Poppy!" said Belinda. "Christmas is the loveliest times! Everyone is happy and good and kind."

Poppy agreed that Christmas was certainly the grandest time in the year. They walked on, Belinda holding Poppy's hand and Poppy carrying under his arm his red, fur-trimmed Santa suit wrapped in a brown paper bag.

Presently they came to an enormous stone house. It was five stories high and had marble steps leading to the front door. It was a rich and handsome house. But Belinda stopped right in front of it and cried. "What a sad house!"

"How so?" asked Poppy.

"Why, there's not a wreath anywhere! And the shutters are closed so even the sun can't get in!"

"Well," said Poppy, "this is the house of Jeremiah Lump. He is the richest man in the whole city so I don't expect they are too sad in there."

Well, they walked on and when they reached the store it was already open and gay Christmas shoppers and bright eyed children were crowding in the doors.

"I'll have a busy day," said Poppy, smiling at the children. He kissed Belinda. "Be a good girl and tonight Santa Claus will come to your house."

Belinda laughed. How she loved this joke between them! As she started back home she thought of the decorations she was making for their Christmas tree at home. She was skipping along dreaming

of the tree when presently she found herself once again in front of the stone house.

This time there was a little boy sitting on the bottom step of the great marble stairs. He was dressed in a patched, poorly fitted coat and his eyes were large and sad.

Belinda said, "Are you Mr. Lump's little boy?"

The boy nodded. "I am Thomas Lump." His voice was small and pitiful.

Belinda looked up at the cold, shuttered house. "Why don't you have some decorations on your house?" she asked.

"What for?"

"Why—for Christmas, of course!" Thomas Lump shrugged his thin shoulders. "We don't have Christmas at our house," he said quietly.

Belinda gazed at him in astonishment. "You mean Santa Claus never comes to your house?"

"Never," whispered Thomas Lump. Two large tears were forming in the corners of his eyes. Belinda rushed to him and threw her arms around his shoulders.

She thought wildly of some way to cheer this poor rich boy who had never had a Christmas. Finally she blurted, "Don't cry, Tommy! I'll take you to Santa!"

## Girl Joins Adopted Mother After 6 Years

Los Angeles, Dec. 4 (AP) — An Italian orphan is with her adopted "mama" today, but it took six years of constant effort to get her here.

Helen McClure, a singer, first saw Elena Arbez, age 10, in Italy in 1945. She was entertaining GI's on a USO tour, and while in Rome visited an orphanage at nearby Grosseto. Miss McClure and Elena fell in love at first sight.

The singer determined to adopt the child. Failing to cut red tape, she and her husband, Singert Robert Priest, persuaded Rep. Poulson (R-Calif.) to introduce a bill to admit Elena to the United States. It was passed, and signed by President Truman May 15.

Elena arrived by air from Rome on Sunday.

## Congressman Is Named In Probe

Washington, Dec. 4 (AP) — A Justice department attorney testified Monday that Rep. Boykin (D-Ala.) and T. Lamar Caudle took what he considered a "highly improper" interest in his prosecution of an Alabama tax fraud case.

John Mitchell, the attorney, gave his story of this case as a House subcommittee swung into its second week of sensation-studded hearings on the "outside activities" which led to "dismissal of Caudle last month as an assistant attorney general."

Chairman King (D-Calif.) announced he will invite Supreme court Justice Tom Clark and Attorney General J. Howard McGrath to testify before his subcommittee concludes the present phase of its hearings. He said they probably will be heard later this week, if they want to testify.

King said Clark would be given an opportunity to "clear the record of his participation" in trips to Florida with Caudle in the private plane of Troy Whitehead, Charlotte, N. C., businessman who, it developed later, was having tax troubles.

East Orange, N. J., Dec. 4 (AP) — Radium poisoning, said to have been contracted over 30 years ago, Sunday night killed a 51-year-old woman. The victim, Mrs. Florence C. Casler, was the 41st employee of the old U.S. Radium Corp. to die from the radioactive substance, said her physician, Dr. Harrison S. Martland, Essex county chief of medical examiner. Mrs. Casler, who succumbed in

East Orange hospital, had picked up the poisoning as she painted luminous dials on watches and clocks, Dr. Martland said.

Washington, Dec. 4 (AP) — Senator Williams (R-Del.), whose disclosures helped to spark the current Internal Revenue Bureau housecleaning, accused the administration Monday of hampering his probing with what he termed a new censorship order.

**Baltimore Livestock**  
CATTLE—Fresh receipts were estimat-  
ed at 1,600 head which was in addition  
to about 250 head from last week.  
Fresh run fell about 250 short of the  
number counted in a week ago but it  
was nearly all made up of slaughter  
steers for the same day a year ago.  
Included in the salable receipts was the  
outgoing 21,213 head of slaughter steers  
and 15 loads of stock cattle.

A few scattered early sales of stock-  
mostly steady with last Thursday but  
general trade unevenly weak to fully  
dull. Lower 87.50; small of good and  
choice 90s-1,400 pounds, \$53.50-55. Few  
loads of commercial and good 86s-1,063  
pounds, \$52-52.50.

Odd lots and single head shipments  
again made up the salable supply in the  
beef division. Prices showed little net  
change lower on the small supply available.  
Choice heifers, \$54 and \$55. Most of  
run made up of utility and commercial  
cattle. Some cutter grade heifers to  
\$21 or under.

Very uneven dealings again character-  
ized the cow trade. Sales unevenly steady  
to 21 lower with the loss shared by  
all grades. Commercial grade cows, \$26.50  
-31, mainly \$28.50 downward. Utility  
cows, \$21-25. Small of good and  
choice 90s-1,400 pounds, \$53.50-55. Few  
loads of commercial and good 86s-1,063  
pounds, \$52-52.50.

Some inquiry was noted for all grades  
and weights of stocker and feeder cattle  
but considerable resistance noted to cur-  
rent asking prices and trading slow  
throughout the session. Prices, however,  
held about the same as those in ef-  
fect last Thursday. Small of run con-  
sisted of medium and good grade of-  
ferings, 411-1,014 pounds, \$28-35; some  
medium heifers, 623-662 pounds, \$28-  
32.50.

**CALVES**—Receipts in calf department  
not materially different than those of  
last Monday but the run was 30 per-  
cent smaller. Sales slow but steady for  
the same day a year ago. Trading slow,  
retarded somewhat by higher asking prices.  
When trading was better established, sell-  
ing level was little different than that  
of last Thursday. Few odd prime veal-  
ers, \$41, top. Most of mixed lots sold  
down to prime, \$35-40, and com-  
mercial and good, \$27-35, while call  
and utility, \$18-27. Odd culls down  
to \$15 or below.

**HOGS**—Receipts about the same as  
last Monday and only slightly larger  
than the count of a year ago. After  
a rather slow start trade developed  
moderately active and prices generally  
advanced 2c. per hundredweight, com-  
pared with last Friday. Some, how-  
ever, showed little change. Choice 170-  
230-pound barrows and gilts, \$19.25-  
19.5

## TEACHERS' PAY RAISE IS VOTED AT HARRISBURG

Harrisburg, Dec. 4 (AP)—Legislation providing a \$56 million pay increase for Pennsylvania's 60,000 public school teachers had General Assembly approval today.

The House package was approved by the Senate last night by a 48-1 vote without a word of debate. One bill now goes back to the House for concurrence in minor Senate amendments.

The package would give each teacher a \$200 a year cost of living pay boost immediately as well as increase present minimum and maximum salary levels by another \$200 a year for eight years. The \$56 million pay boost is in addition to \$27 million required to be paid under a 1949 law.

### Opposition Based

Sen. Henry G. Probert (R-Montgomery), who cast the sole opposing vote against the teacher pay bills, later told a newsman: "I consider it unwise and unsound economically to commit the local school districts and the Commonwealth to a salary schedule for eight years in advance."

"He said also he was apposed generally to granting salary increases on an automatic basis as provided in the bills. 'I feel all increases should be based on merit,' he said."

The Pennsylvania State Chamber of Commerce has estimated the automatic salary step-ups would cost Pennsylvania taxpayers \$600 million in the 1959-60 fiscal period. School districts will pay an added share of the burden on the local level.

The total cost of education to the

state the next two years, including the new teacher pay bills, will amount to about \$424,680,000, or about one-third of the entire state budget. Of that figure, \$285 million will go for teachers' salaries alone.

The teacher pay boost legislation was backed by Gov. John S. Pine and the Pennsylvania State Education association. The association has maintained the increases are necessary to "recruit new teachers and to hold our present teachers in their positions."

Under the teacher pay revision, the new minimum salary would go up from \$2,000 to \$2,400 a year.

### Increase In State Aid

Teachers with standard certificates would be entitled to eight \$200 a year salary boosts until they reach a maximum of \$4,000. The maximum for college-certificated teachers would be \$4,400 and those with master's degrees, \$4,800.

The new teacher pay levels would apply to all full-time temporary and professional school employees in the state and would be uniform in all districts.

Minimum state grants to school districts to finance the teacher salary increase would go up from \$800 per teaching unit to \$1,000. Also the maximum subsidy base would be increased from \$3,450 to \$3,850 per teaching unit during the 1951-52 school year, and add \$200 each year thereafter until a maximum of \$5,500 was reached. A teaching unit consists of 22 high school pupils or 30 grade school pupils.

Washington, Dec. 4 (AP)—Senator Taft (R-Ohio) said today he isn't going to attempt to influence the choice of a Senate Republican floor leader.

Taft told a reporter in a telephone interview from Omaha he hopes the Republicans can agree on a successor to the late Senator Kenneth Wherry of Nebraska without any squabble which might divide the party.

## Littlestown

Littlestown — Approximately 325 baked ham suppers were served Saturday in the social hall of Redeemer's Evangelical and Reformed church. The affair was sponsored by the combined organizations of the church for the benefit of purchasing new equipment for the recently remodeled church kitchen. Mrs. Theron W. Spangler served as chairman of the general supper committee, and Mrs. Wilbur A. Bankert was chairman of the ticket committee.

"Moses, The Law and Jesus" was the subject of the sermon delivered by the Rev. Frank E. Reynolds at the Sunday morning worship service at Redeemer's church. The anthem, "Seek Ye the Lord," by Roberts, was sung by the senior choir with Stewart N. Long as tenor soloist. The altar flowers were placed by Mrs. Lloyd L. Staveland and Glenn Miller in memory of their parents, Mr. and Mrs. Amos Miller. The bulletins were given by Mrs. Rose M. Phreaner in memory of her sister and brother, Mrs. A. M. Rives and Dr. J.
